

**PRESS RELEASE EXCLUSIVE:  
CANNES, April 2009**

**NATIONAL GEOGRAPHIC & LIQUID MOTION FILM: *BRAND NEW PARTNERSHIP!!...***

***April 2009 - Under the famous National Geographic banner, 'Water Colours' goes to Cannes!....***

Celebrating a brand new partnership, Underwater Excellence meets Wildlife's Finest in an exclusive launch of what's been referred to as 'the blue-chip underwater series of the decade'

This week at MIPTV Cannes, leading independent Producer Liquid Motion Film joins world-famous National Geographic to launch their revolutionary 'Water Colours' Series for exclusive broadcast under the esteemed National Geographic brand umbrella.

"From the producers of the multi award-winning series 'The Reef', 'Water Colours' is a timely and unique portrayal of the fascinating and virtually unknown world of underwater colour communication" says NGTI. "Provocative and stimulating, 'Water Colours' provides a pioneering breakthrough in underwater communication and a landmark step towards improving our understanding in this field.

National Geographic Television International is a wholly-owned subsidiary of one of the world's most-renowned media brands, National Geographic. NGTI represents programming produced by its multi award-winning sister company National Geographic Television (NGT) and enjoys strong and long-standing relationships with some of the world's foremost factual producers.
